Nova Scotia's Changing Climate

What exactly does climate change look like in Nova Scotia? This session will explore the latest information about local climate trends and the importance of taking action to prepare.

SPEAKER

Alex Cadel, MCC
Climate Change Services Specialist
CLIMAtlantic

Alex supports climate services for the Province of Nova Scotia in partnership with CLIMAtlantic, helping people access and use climate change information. He holds a Master of Climate Change from the University of Waterloo and a B.Sc. in Environmental Sciences from the University of Guelph and resides on unceded Mi'kmaw territory in Dartmouth.
