Impact of Climate Changes and Emergency Management in Nova Scotia

An introduction to the newly created Department of Emergency Management, created to address the impacts of weather emergencies experienced by Nova Scotia in recent years.

SPEAKER

Meredith Cowan ED Planning & Preparedness Department of Emergency Measures

Meredith leads the team responsible for the Nova Scotia Guard, government Business Continuity and Policy and Planning. Her team is undertaking a comprehensive approach to emergency management, incorporating all aspects of best practices, from preparedness through recovery. The Department is committed to empowering local communities to lessen disaster impacts, help with the overall disaster operations, improve the outcome from a disaster, and ensuring that all communities in Nova Scotia remain connected, resilient, inspiring, and vibrant after emergencies and disasters.

A dedicated public servant, Meredith has held various roles within government since 2012. Meredith's passion for the work is rooted in a desire to support communities prepare for and recover from disaster and emergency events.

Meredith lives in Bedford with her two children, husband and golden retriever Hank. She enjoys travel, reading, and spending time with family.

Join us for engaging talks on climate change and the exhibit, **Our Climate Quest: Small Steps to Big Change**, from Science North.

Starting February 19, sessions run every second Wednesday until June 11, 2025.

Free museum admission from 5 pm to 8 pm, speaker sessions at 6:30 pm.
